ZD3Z was a one-week DX-pedition for the CW-portion of the CQ World Wide DX-contest. It was a real fulfilment of a contest-man's dreams: an exotic, short call-sign... a location close to the equator between the eager pile-ups of North America and Europe... an ideal QTH at hotel Fajara on a hill facing the glittering Atlantic Ocean... a contest score of 3,5 million points with 3518 QSOs, 234 countries and 99 zones in the All Band, Single-op. class. Thousand thanks to Mike (ZD3M), Cecil (ZD3D) and Dorine (XYL/ZD3D) – without their invaluable help this operation would never had succeeded.
